WATER IS LIFE

2008 Stewardship Week April 27-May 4, 2008

Each year conservation districts across the nation celebrate Stewardship Week. The Monroe Soil and Water Conservation District is no different. We have an annual poster contest, and participate in various classroom activities.

The National Association of Conservation Districts sells materials to local districts. We absorb the cost, and distribute them to schools, churches and organizations **free**.

Some available items are student booklets, Litany in-

serts, bookmarks, calendars, and place-mats. To view the complete listing of materials visit www.nacdnet.org.

If you are interested in obtaining these free materials for your organization, contact the office at (740) 472-0833 by February 15th.
