

# MONROE SOIL & WATER CONSERVATION DISTRICT

## EQUIPMENT RENTAL AGREEMENT BLANKET FORM

This agreement serves as a blanket rental form for all equipment listed on the back of this page that is rented in 2019.

**I will use the equipment when I pick it up or it is delivered. If I am unable to use it as scheduled, I will reschedule. I will report my progress to the District every 48 hours. If I fail to do so, the district will pick up the equipment and move it to the next user.**

- I assume full liability and responsibility for damages to, or caused by, the equipment (beyond normal wear and tear) from the time I obtain it until I return it to the fairgrounds or it is picked up. I will inspect the equipment and will notify the Monroe Soil and Water Conservation District (SWCD) at (740) 472-5477 as to any problems with the equipment.
- I do agree to pay for parts and labor at a rate of **\$28** per hour (if it can be fixed at the SWCD) or actual cost if it must be sent to a shop to be repaired.
- I agree to grease the equipment before using.
- I agree to use the equipment immediately, weather permitting, and will call the SWCD when I am finished with the equipment to report the acres (tons) for billing purposes. The maximum number of days a renter may keep possession of a piece of equipment is five calendar days.
- I will store the equipment in a dry area when not in use, if possible.
- **I agree to remove all material (seed, fertilizer, lime) from the equipment upon completion. Failure to do so will result in a \$50 fee for cleaning.**
- Maximum hauling speed for all equipment (except the Brillion Seeder and Sprayer) is 25 mph.
- **Lime spreader can be used for lime only. NO more than 4 ton may be loaded into the hopper at one time. Spreader is not to be used to transport lime on the road.**
- Billing terms are "Net due." If this is not possible, please contact our office to make payment arrangements. Accounts over 120 days will be subject to interest charges at 18% APR.
- Priority in scheduling for the 4-row corn planter will be given to those people planning to plant 10 or more acres.
- The 4-row corn planter will be towed by the renter, and the renter will assume all liability while towing the 4-row corn planter. Monroe SWCD will provide an escort for the 4-row corn planter.
- **Sprayer can be rented on a daily basis, with a 3-day max. The sprayer must be cleaned, according to the chemical you used specifications after use. Monroe SWCD assumes that the sprayer has been properly cleaned after each use, you rent the sprayer AT YOUR OWN RISK! Monroe SWCD highly recommends that you clean the sprayer prior to use.**
- **The no-till drill is not recommended for the use of planting soybeans.**
- Any accounts that have not had any payments made at the 180-day point will be turned over to the prosecutor for collection.
- Any user who has previously been turned over for collection, must be current and will be required to pay a deposit of \$50 before receiving equipment for use.
- Upon signing this form, I agree to all terms and conditions.

### **RULES FOR OUT OF COUNTY USAGE**

- Please note that rates for out of county residents will be higher than for Monroe County residents.
- Priority will be given to Monroe County residents.
- Mileage will be charged for delivery and pick up out of the county at a rate of \$.75 per mile. This rate will be calculated from the Monroe County Fairgrounds regardless of where the equipment is picked up at, using MapQuest.

- Monroe County residents who own land in an adjacent county may use the equipment on their out of county land at the in-county rate.
